

C.A.S.H Grid Training

Handout #2 (Updated 4/15/13)

Ancillary Healing Protocol (ACP)

Presented by Stacey Mayo

This is an important protocol to use with the C.A.S.H. Grid. It can also be used with other healing modalities.

When you use this protocol you are more likely to have complete healing on an issue in a way that is gentle on the body and soul.

Here are 7 things you can clear before using the C.A.S.H. Grid or other healing methods: (The healing protocol for all of these items is described on page 2.)

1. Doom and Gloom Clouds – when these are lifted, it lightens up the person's energy and they often feel happier. There may be a number of levels of these clouds. If you feel heavy or depressed or are very negative, these may be present.

2. Funnels – these are indicative of when things seem to be swirling around in a circular motion; i.e. if you feel like you are going round in circles about something. Can also feel like a whirlwind.

2b. Tornado – this is like a huge funnel. Very rare. Only found in .02% of cases.

3. Discs with cords - there are often discs of energy with cords that are attached to something or another, which is in the way of you healing or moving forward. You do not have to know what they are attached to but can ask that all cords that are related to an issue or that will make themselves known at this time but cut in divine order and in a manner and timeline that is gentle and easy on your body and soul.

4. Saucers with cords. This happens less frequently than discs and is indicative of a very big and deep blockage that is in your way of healing and/or moving forward in a certain way.

5. Cloaks – These are formations of energy that surround you and are in your energy field. They are there to keep negative things from happening. They were put there for protection. However, that which we try to protect ourselves from actually attracts that very thing more often than not.

6. Shrouds – These are energetic formations that also surround you to help you keep from taking on other’s issues and the outcome of this can be the inability to get accurate intuitive information or any intuitive information at all. One indicator that you may have a shroud is when you are unable to get accurate intuitive information no matter how hard you try or how many blocks you clear.

NOTE: This is not an all-inclusive list of things that may get in the way of your healing or the healing of others. These are the most important that I have been made aware of at this time that anyone can clear these via God without have to intuit information or be a trained healer.

New information is sometimes presented to me from God as part of my Higher Purpose. As I learn of new things that are important to the healing process or make it easier, I will likely offer further classes. I also want to acknowledge my Celestial Team (CT) for all their help in this class and in all my intuitive endeavors.

Healing Protocol:

The current protocol for healing the above is:

- 1) Ask that that the most important and core obstacles that are related to the current issue and will allow for complete healing of this issue/symptom for (person’s name) make themselves known at this time.
- 2) Ask God/Source to move energy in your field or their field to reveal any hidden core or important obstacles in the way of this issue healing gently and completely.
- 3) Ask for a sign that this is complete and the core and most important obstacles have revealed themselves.

Wait 60 seconds.

If you don’t get a sign, then wait longer until you do.

NOTE: If you don’t generally get signs from God/Source when you ask for them, then use ACP and The CASH Grid to heal that issue in its entirety.

5) Then say: *“I ask God to release and transform the core and most important obstacles that are in the way of a complete healing for this issue in divine order and in a manner and timeline that is gentle on their body and soul.”*

God will do the actual release work. You do not have to know how

Advanced Healing Methods:

There are more complex things that need to be healed way of chronic cases that no one seems to be able to help with. I am using some of those at this time. These require a deeper knowledge of healing and an attunement equivalency level of Reiki 4.5. These may be taught to healers in an advanced class in the future.

NOTE: We request that you do not teach this method to anyone else unless you are certified to do so and that you do not give this handout to anyone else. It is proprietary material. Thanks in advance for your understanding and cooperation.
We are not certifying anyone to teach this at this time.
